### **Q4. We are already using the eassessor platform to support other qualifications across our curriculum areas, is this a different platform?**

### **Q5. What are the costs to use the eassessorpro platform through Learning Curve Group?**

**A.** Learning Curve will provide you with learner licences at a cost of £150 per learner which is significantly less than competitors in the market.

### **Q6. We already have learners on another platform to support their Access to Higher Education diplomas – can they continue in their learning?**

**A.** Yes, as registered AIM learners they can remain on there with the approval of the other supplier.

### **Q7. Can we get a demo of the platform before we make a decision?**

**A.** Yes. AIM can organise a demo of the platform – speak to our team to get this set up.
