

Education – Internal Quality Assurance

There are adaptations that can be applied to the assessments taking place in the 2021-22 academic year. This means that the specific areas mentioned below can be applied but the rest of the qualification must be completed and evidenced in full.

Qualifications which have been designated as being in category A have been reviewed by the team at AIM and where appropriate, professional body guidance sought to confirm that the adaptations would be accepted.

The following qualifications now include adapted assessment.

The IQA qualifications essential component (Internally Assure the Quality of Assessment A/601/5321) require only one assessed observation, which in normal circumstances must be conducted live, face to face with all participants in the same room or location at the same time. Where this is not possible, centres may conduct the assessed observation remotely on condition that:

- **They have the approval of the Awarding Body before carrying out the assessment (via a reasonable adjustment form sent to their centre lead)**
- **All participants must be present during the live recording**

It is strongly recommended that centres delay assessment until a suitable opportunity for face-to-face assessment does become available, and that delivery and assessment of the knowledge content is prioritised. This guidance remains only for as long as the current covid-19 circumstances continue.
