

AIM Qualifications

Suite of Skills for Working in Health, Lifestyle and Science Industries (AIMVOCs) Qualifications

“

I would like to convey my thanks to you all at AIM for the support and guidance you have provided during our first year as a training centre. I am aware we have asked a lot of questions and sent a lot of emails and you have dealt with every query swiftly and efficiently combined with a lot of patience.

It has been a roller coaster of a year setting up everything from scratch but it has been made easier by having access to you all.

Carol Harmston, AIM Centre

”

AIM Qualifications Level 1 Extended Certificate in Skills for Working in Health, Lifestyle and Science Industries 603/1834/X (expiring)

AIM Qualifications Level 1 Diploma in Skills for Working in Health, Lifestyle and Science Industries 603/1835/1

Level 2

AIM Qualifications Level 2 Award in Skills for Working in Health, Lifestyle and Science Industries 603/1836/3

AIM Qualifications Level 2 Extended Award in Skills for Working in Health, Lifestyle and Science Industries 603/1837/5 (expiring)

AIM Qualifications Level 2 Certificate in Skills for Working in Health, Lifestyle and Science Industries 603/1838/7

AIM Qualifications Level 2 Extended Certificate in Skills for Working in Health, Lifestyle and Science Industries 603/1839/9 (expiring)

AIM Qualifications Level 2 Diploma in Skills for Working in Health, Lifestyle and Science Industries 603/1840/5

This Handbook contains everything you need to know about these qualifications and is intended for Tutors, Assessors, Internal Verifiers and other staff involved with the planning, delivery and assessment.

This is a live document and as such will be updated when required. You will be informed via email when changes are made and it is your responsibility to ensure the most up-to-date version of the Qualification Handbook is in use.

About Us

AIM is a national and international Awarding Organisation. We offer a large number of regulated qualifications at different levels and in a wide range of subject areas, Access to Higher Education Diplomas and End Point Assessments.

Our products are flexible enough to be delivered in a range of settings, from small providers to large colleges and in the workplace both nationally and internationally.

We pride ourselves on offering the best possible customer service, and are always on hand to help if you have any questions. Our organisational structure and business processes enable us to be able to respond quickly to the needs of customers to develop new products that meet their specific needs.

Section One

Qualification Overview

About these Qualifications

The AIM Qualifications Suite of AIMVOC qualifications are suitable for learners pre-and post-16, who wish to develop their knowledge and skills in a range of vocational areas:

- Animal Care
- Business, Administration and Customer Service
- Catering and Hospitality
- Child Care
- Construction and Building
- Creative and Design
- Hair and Beauty
- Horticulture
- Transport and Logistics

The AIM Qualifications Suite of Skills for Working in Health, Lifestyle and Science Industries (AIMVOCs) Qualifications provide opportunities for learners to develop their skills and knowledge to enable them to start or build on a career in a range of sport, travel and tourism and health industries. These qualifications have been developed in conjunction with employers, training providers and subject matter experts.

This combination of knowledge and experience has resulted in a suite of qualifications which truly reflect the knowledge, skills and understanding which individuals require when employed in these roles. Details about each qualification can be found later in this document, however, all qualifications are based on three guiding principles. These are as follows.

Vocational Teaching, Learning and Assessment

All qualifications have strong emphasis on vocational teaching, learning and assessment where learners develop a practical understanding of key competences based on fundamental underpinning knowledge.

This approach enables centres to deliver dynamic and interactive teaching where role plays, scenarios and demonstrations are key teaching, learning and assessment tools.

Flexible Curriculum

All qualifications present centres with an opportunity to determine the most appropriate content for a qualification where, through appropriate rules of combination, learners can engage with components above or below their primary level of study. This enables centres to select components which present both a challenge and variety to a learner's experience.

Developing Employability Skills

All qualifications present centres with an opportunity to combine (subject to rules of combination criteria) components focused on developing employability skills. These skills are aimed at meeting the expectations of employers and are transferable from one operational role to another.

Employability components will add further variety to curricula design which, when delivered in particular sequences, can support a learner's understanding of, and engagement with, vocationally specific components.

These qualifications range from Entry 1 to Level 2 of the Regulated Qualifications Framework (RQF). As such, these qualifications are recognised internationally as well as within the UK which will support a learner who is seeking employment in a health, lifestyle and science industry, or one who is seeking to progress within their role.

To ensure these qualifications maintains its currency and meets the requirements of employers, all qualifications are periodically reviewed. Representatives from employers training providers, subject matter experts and the broader subject sector area are key stakeholders in all periodic reviews.

Minimum Learner Age	N/A	N/A	N/A	N/A	N/A

Total Qualification Time and Guided Learning Hours

Total Qualification Time (TQT) is the number of notional hours it takes a typical learner to achieve the full qualification and is made up of two elements:

- the minimum number of Qualification Guided Learning Hours (GLH) - the number of Tutor-supervised contact hours
- the number of hours spent on preparation, studying and the assessment that is non-supervised

For example, the number of tutor-led contact hours (GLH) for a qualification is 30 and the number of hours spent by the learner (non-GLH) on preparation, studying and the assessment is 6 hours. Therefore the Total Qualification Time (TQT) for the qualification is 36 hours.

Progression Opportunities

Learners can progress within the suite of Skills for Health, Lifestyle and Science Industries or exit this pathway at any point to undertake a qualification at the same or higher level and within the same subject area.

Entry Guidance

There are no entry requirements for these qualifications.

Qualification Dates

The qualification review date is the date by which we will have carried out a review of the qualification. We work with employers, industry experts and training providers to make any changes necessary to ensure validity and reflect recent developments. We will post information relating to changes or extensions to qualifications on our website and centres approved to offer the qualification will be kept updated. The certification end date will be three years from the operational end date.

Resource Requirements

You must ensure that your centre has appropriate resources in place to deliver the components in these qualifications. If your centre uses the online Multiple Choice Question (MCQ) assessment method, they must ensure they have the appropriate resources in place to deliver the externally set, invigilated assessment. Further information on our requirements can be found in Section 3: Assessment.

Section Two

Qualification Structure and Components

Qualification Structure: Entry 1 Qualifications

	AIM Qualifications Entry 1 Award in Skills for Working in Health, Lifestyle and Science Industries
Total Credits Required	3
Minimum Credits from Health, Lifestyle and Science Group	3
Maximum Credits allowed from Employability Group (at Entry 1 only)	0

Full Description of Rules of Combination	<i>Learners must achieve a minimum of 3 credits from the Health, Lifestyle and Science Group at Entry 1 only.</i>
--	---

Qualification Structure: Entry 2 Qualifications

	AIM Qualifications Entry 2 Award for Skills for Working in Health, Lifestyle and Science Industries	AIM Qualifications Entry 2 Extended Award in Skills for Working in Health, Lifestyle and Science Industries
Total Credits Required	3	9
Minimum Credits from Health, Lifestyle and Science Group	3	6

--	--	---	--	--	--

Components

Please refer to Section 2 for the rules of combinations for the specific qualification sizes and levels. Components with the same title at different levels are barred against each other. The full list of components for these qualifications are displayed in the following groups:

Health, Lifestyle and Science Group; which includes

- *Health and Social Care (page 25)*: this group covers topics in healthy living, health promotion, nutrition and health and fitness programmes. Learners will have the opportunity to look at the role of the care worker in different settings and also provides an introduction to counselling skills and what this involves.
- *Sport, Leisure and Recreation (page 27)*: learners will have the opportunity to develop their knowledge and skills in a range of different sport and leisure contexts. This group includes the principles of coaching, planning and leading sports events and also looks at the impact of sports and leisure on the environment. Learners will also be introduced to risk assessments and legislation covering this sector.
- *Travel and Tourism (page 29)*: this component group looks at the different skills required to work in the industry. Learners will develop their knowledge of different tourist destinations, the developments in the sector and will also look at the impact of travel and tourism on the environment. Learners have the opportunity to develop their practical skills in promoting, planning and leading visits to different types of destinations.

Employability Group; which includes

- *Assertiveness and Decision Making Skills (page 31)*: provides the opportunity for learners to develop their assertiveness and decision making skills. Learners will learn the importance of speaking up for themselves, developing negotiation skills and the benefits of assertiveness.
- *Behaviour in the Workplace (page 32)*: learners will develop their knowledge and skills in behaving appropriately at work. This component group includes looking at the consequences of bullying and harassment at work, how to deal with difficult situations and the importance of professional behaviour in the workplace.
- *Career Planning and Job Searching (page 33)*: this component group provides learners with the opportunity to explore their options for their future by looking at their own personal strengths

- *Communication Skills in the Workplace (page 34)*: learners will be introduced to the principles of effective communication in a workplace. Learners will explore diverse ways in which people communicate in the workplace and when it is appropriate to use these different methods of communication.
- *Confidence and Self Esteem (page 35)*: allows learners to identify the value of confidence and self-esteem, what factors affect them and the effect on others' perceptions of an individual.
- *Continuing Professional Development (CPD) (page 35)*: this component group includes looking at career development, own current situation in terms of training needs, planning for progression and how to get the most out of training.
- *CV Writing (page 38)*: this group will develop practical skills in presenting Information about themselves to a prospective employer and also looks at the use of online profiles for career planning.
- *Discrimination at Work (page 39)*: these components aim to raise a learner's awareness of discrimination at work by gaining an understanding of discriminatory words and actions, possible consequences and ways to avoid this happening.
- *Employability Skills (page 39)*: this group provides learners with an opportunity to develop a range of desired employability skills, such as using tools and equipment for work tasks and working to standards.
- *Equality and Diversity at Work (page 42)*: introduces learners to the meaning of equality and diversity at work, its relevant legislation/policies and the need for positive approaches.
- *Environmental Awareness in the Workplace (page 42)*: raises awareness of environmental awareness in the workplace, allowing learners to undertake activities taking responsibility for the environment.
- *Health and Safety in the Workplace (page 43)*: aims to introduce learners to health and safety in the workplace, including potential hazards and risks, common basic safety signs, safe practices and protective equipment.
- *ICT (page 43)*: where applicable, these components are mapped to the Functional Skills Criteria for ICT (2011).
- *Induction to Work (page 45)*: aims to provide learners with an induction to their workplace, how to adjust to their new work setting and introduces their role in the workplace.
- *Interview Techniques (page 46)*: this component group develops the learner's skills and knowledge in undertaking a recruitment interview.
- *Introduction to Vocational Industries (page 46)*: this group provides learners with the opportunity to look at the roles and activities within typical job roles in a range of different sectors.

- *Literacy (page 47): these components are based on the National Standards for Adult Literacy and are fully referenced to the Adult Literacy Core Curriculum.*
- *Maths (page 49): these components are based on the National Standards for Adult Numeracy and are fully referenced to the Adult Numeracy Core Curriculum.*
- *Mentoring (page 51): enables learners to develop their ability in mentoring others with a focus on developing good practice.*
- *Rights and Responsibilities at Work (page 52): this component group looks at an employee's responsibilities and rights at work, including the principles of their employment contract, pension schemes and pay.*
- *Setting Targets (page 53): learners are introduced to the importance of appraisals and setting targets to improve own performance at work.*
- *Speaking and Listening at Work (page 53): provides learners with an introduction into how to communicate effectively and appropriately in the workplace, taking into account the role of body language played in communication.*
- *Stress Management (page 54): enables learners to have a basic understanding of stress and issues that can arise at work. Learners will explore a range of stress management techniques and coping strategies.*
- *Teamwork Skills (page 55): provides learners with an introduction on how to work in a team, how their own behaviour affects other group members and the various factors that motivate people in team situations.*
- *Time Management Skills (page 55): aims to make learners aware of how they spend their time and how to use time management as a way of reducing stress.*
- *Travelling to and from Work (page 56): introduces learners to the importance of getting to their place of work safely and on time.*
- *Using ICT in the Workplace (page 56): aims to develop learner's skills in using ICT to carry out workplace tasks.*
- *Using Money in the Workplace (page 57): this group introduces learners to using money in the workplace, including handling cash payments for products and services, how to deal with debt and the uses of banks and credit cards.*
- *Using Numeracy Skills in the Workplace (page 57): aims to develop learner's skills in using numeracy skills to carry out workplace tasks.*
- *Using Writing Skills in the Workplace (page 58): aims to develop learner's skills in using writing skills to carry out workplace tasks.*

- *Volunteering (page 59): this group provides learners with an understanding of what it means to be a volunteer. It covers the types of organisations where volunteering opportunities are available, the benefits of volunteering and the rights and responsibilities of volunteers.*
- *Work Experience (page 59): this group provides learners with an understanding for and the practical skills in undertaking work experience.*

Assessment

Section Three

Centre Staff Requirements

As an Awarding Organisation, we require that:

Tutors have relevant teaching experience and/or a qualification, and experience and/or a qualification in the relevant subject area. Suitable teaching qualifications include:

- Level 3 or 4 Preparing to Teach in the Lifelong Learning Sector (PTLLS) or above
- Level 3 Education and Training or above
- Diploma or Certificate in Education
- Bachelors or Masters Degree in Education
- Tutors must be fully conversant with the Animal Welfare Act 2006 and relevant codes of practice, such as the DEFRA Codes of Practice for the Welfare of Dogs and Horses

Assessors have an assessor qualification or evidence of recent relevant experience. Suitable assessor qualifications include:

- Level 3 Award in Assessing Competence in the Work Environment
- Level 3 Certificate in Assessing Vocational Achievement
- A1 Assess Candidate Performance using a Range of Methods
- D32 Assess Candidate Performance and D33 Assess Candidate using Differing Sources of Evidence

Internal Verifiers (IV) have an internal verification qualification or evidence of recent relevant experience. Suitable internal verification qualifications include:

- Level 4 Award in Internal Quality Assurance of Assessment Processes and Practice
- Level 4 Certificate in Leading the Internal Quality Assurance of Assessment Processes and Practice

How these Qualifications are Assessed

These qualifications may be assessed through:

- 1) an internally set, internally marked and externally verified portfolio of evidence. Guidance on our expectations is available in 'A Guide to Assessing AIM Qualifications' available in Section 5: Appendices.
- 2) an externally set, externally marked online multiple choice exam (for particular components only). The online multiple choice exam must be invigilated by an AIM approved invigilator.

Centres may use one or both of the above assessment methods in the assessment of the qualification.

Where a multiple choice exam is available for a particular component, this will be stated on the individual component. Where a component may be assessed through either a portfolio of evidence, or an externally set, externally marked online multiple choice exam, the centre must choose one of these assessment methods in the assessment of that component.

Entry 1 Achievement Continuum

Learners completing Entry 1 components within these qualifications are assessed using the **Entry 1 Achievement Continuum**. The Continuum describes the characteristics the learner should display at each of the 10 stages, from Encounter to Application.

Assessors may record their assessment judgements on the **Entry 1 Learner Transcript Template** indicating the stage on the continuum at which the learner has achieved the assessment. Where possible, the Assessor statement should use the terminology of the Achievement Continuum to reflect what the learner has achieved.

A full version of the Entry 1 Achievement Continuum and Entry 1 Achievement Continuum Component Transcript template can be found in Section 5: Appendices.

Use of the Entry 1 Learner Transcript Template is optional.

Operational Guidance

Section Four

Offering this Qualification

Centres wishing to offer this qualification must be an AIM recognised centre. New centres can apply to become a centre using the centre recognition application process on our website (www.aim-group.org.uk).

We can advise centres of the best and most efficient methods for offering this qualification. All procedures for the use of this qualification, including approval, registration of learners, verification and certification will be completed through AIM and all centres will have an allocated customer experience advisor to support them.

Approval to Offer the Qualification

Centres wishing to offer this qualification must complete and submit a Qualification Approval request (found on the AIM website). Some qualifications require centres to have specific resources in place and/or their assessors/ internal verifiers should hold certain qualifications. Where this is the case, centres must provide evidence of resources/staff qualifications when completing the Qualification Approval request.

Registration and Certification

Once your centre has approval to offer a qualification, you will be able to register learners using the AIM portal. Learners must be registered onto the correct qualification via the portal. Centres then select their chosen components.

For all registration and certification processes, please refer to the portal guidance document which can be downloaded from our website (www.aim-group.org.uk). Details of assessment, internal verification and external verification can be found in Appendix 1 - A guide to assessing AIM qualifications of this handbook.

Learners achieving a qualification will be issued with a qualification certificate detailing the achieved qualification and components. Learners who have not achieved a qualification will, on request, be issued with a component certificate detailing the components achieved.

Scheduling learners for the online Multiple Choice Question (MCQ) assessments

Once your learners have been registered against the relevant qualification(s) using the process above, you are now able to schedule your learners for the MCQ assessments using XAMS. Please refer to the XAMS centre guidance document for details.

Please note you need to schedule your learners at least 48 hours before the planned time of assessment.

Delivering the MCQ assessments

Assessments must be delivered following the requirements in the AIM invigilation guidance for external assessments.

At the end of the MCQ assessment

Once the learner has completed the assessment, you can check the result in the results screen on XAMs. The results are automatically sent to AIM, and where learners have met the rules of combination for the particular qualification, they will be issued with a qualification certificate with details of the qualification and components achieved. Please refer to the Being an AIM centre document for service standard times on the issuing of learner certificates.

Fees and Charges

The AIM Fees and Charges brochure includes all qualification charges and is available on our website. Please note that registrations will not be processed if centre fees have not been paid.
