“

I would like to convey my thanks to you all at AIM for the support and guidance you have provided during our first year as a training centre. I am aware we have asked a lot of questions and sent a lot of emails and you have dealt with every query swiftly and efficiently combined with a lot of patience.

It has been a roller coaster of a year setting up everything from scratch but it has been made easier by having access to you all.

## Qualification Overview

# About these Qualifications

---

The AIM Qualifications Suite of AIMVOC qualifications are suitable for learners pre-and post-16, who wish to develop their knowledge and skills in a range of vocational areas:

- Animal Care
- Business, Administrative and Customer Service
- Catering and Hospitality
- Child Care
- Construction and Building
- Creative and Design
- Hair and Beauty
- Horticulture

The AIM Qualifications Suite of Skills for Working in Horticulture Industries (AIMVOCs) Qualifications provide opportunities for learners to develop their skills and knowledge to enable them to start or build on a career in a range of horticulture industries.

These qualifications cover different areas of horticulture, including gardening and landscaping, floristry, horticulture and working in horticulture. Learners will also be able to develop the essential communication, information technology, English and maths skills they will need to succeed in the industry.

These qualifications have been designed to allow learners to achieve the size and level of qualification most suitable for their needs and relevant to their stage of learning, providing an opportunity to work towards qualifications in small steps.

## Total Qualification Time and Guided Learning Hours

Total Qualification Time (TQT) is the number of notional hours it takes a typical learner to achieve the full qualification and is made up of two elements:

- the minimum number of Qualification Guided Learning Hours (GLH) - the number of Tutor-supervised contact hours
- the number of hours spent on preparation, studying and the assessment that is non-supervised

For example, the number of tutor-led contact hours (GLH) for a qualification is 30 and the number of hours spent by the learner (non-GLH) on preparation, studying and the assessment is 6 hours. Therefore the Total Qualification Time (TQT) for the qualification is 36 hours.

## Progression Opportunities

These qualifications have been designed to support learners to build on their knowledge and skills to progress onto higher level qualifications, supporting young people and adults to secure skilled employment to meet the needs of the economy.

## Entry Guidance

There are no entry requirements for these qualifications.

## Qualification Dates

The qualification review date is the date by which we will have carried out a review of the qualification. We work with employers, industry experts and training providers to make any changes necessary to ensure validity and reflect recent developments. We will post information relating to changes or extensions to qualifications on our website and centres approved to offer the qualification will be kept updated. The certification end date will be three years from the operational end date.

## Resource Requirements

You must ensure that your centre has appropriate resources in place to deliver the components in these qualifications. If your centre uses the online Multiple Choice Question (MCQ) assessment method, they must ensure they have the appropriate resources in place to deliver the externally set, invigilated assessment. Further information on our requirements can be found in Section 3: Assessment.

# Section Three

## Assessment

## Centre Staff Requirements

As an Awarding Organisation, we require that:

Tutors have relevant teaching experience and/or a qualification, and experience and/or a qualification in the relevant subject area. Suitable teaching qualifications include:

- Level 3 or 4 Preparing to Teach in the Lifelong Learning Sector (PTLLS) or above
- Level 3 Education and Training or above
- Diploma or Certificate in Education
- Bachelors or Masters Degree in Education
- Tutors must be fully conversant with the Animal Welfare Act 2006 and relevant codes of practice, such as the DEFRA Codes of Practice for the Welfare of Dogs and Horses

Assessors have an assessor qualification or evidence of recent relevant experience. Suitable assessor qualifications include:

- Level 3 Award in Assessing Competence in the Work Environment
- Level 3 Certificate in Assessing Vocational Achievement
- A1 Assess Candidate Performance using a Range of Methods
- D32 Assess Candidate Performance and D33 Assess Candidate using Differing Sources of Evidence

Internal Verifiers (IV) have an internal verification qualification or evidence of recent relevant experience. Suitable internal verification qualifications include:

- Level 4 Award in Internal Quality Assurance of Assessment Processes and Practice
- Level 4 Certificate in Leading the Internal Quality Assurance of Assessment Processes and Practice

## How these Qualifications are Assessed

These qualifications may be assessed through:

- 1) an internally set, internally marked and externally verified portfolio of evidence. Guidance on our expectations is available in 'A Guide to Assessing AIM Qualifications' available in Section 5: Appendices.
- 2) an externally set, externally marked online multiple choice exam (for particular components only). The online multiple choice exam must be invigilated by an AIM approved invigilator.

Centres may use one or both of the above assessment methods in the assessment of the qualification.

Where a multiple choice exam is available for a particular component, this will be stated on the individual component. Where a component may be assessed through either a portfolio of evidence, or an externally set, externally marked online multiple choice exam, the centre must choose one of these assessment methods in the assessment of that component.

## Entry 1 Achievement Continuum

Learners completing Entry 1 components within these qualifications are assessed using the **Entry 1 Achievement Continuum**. The Continuum describes the characteristics the learner should display at each of the 10 stages, from Encounter to Application.

Assessors may record their assessment judgements on the **Entry 1 Learner Transcript Template** indicating the stage on the continuum at which the learner has achieved the assessment. Where possible, the Assessor statement should use the terminology of the Achievement Continuum to reflect what the learner has achieved.

A full version of the Entry 1 Achievement Continuum and Entry 1 Achievement Continuum Component Transcript template can be found in Section 5: Appendices.

Use of the Entry 1 Learner Transcript Template is optional.

# Operational Guidance

## Section Four

### Offering this Qualification

Centres wishing to offer this qualification must be an AIM recognised centre. New centres can apply to become a centre using the centre recognition application process on our website ([www.aim-group.org.uk](http://www.aim-group.org.uk)).

We can advise centres of the best and most efficient methods for offering this qualification. All procedures for the use of this qualification, including approval, registration of learners, verification and certification will be completed through AIM and all centres will have an allocated customer experience advisor to support them.

### Approval to Offer the Qualification

Centres wishing to offer this qualification must complete and submit a Qualification Approval request (found on the AIM website). Some qualifications require centres to have specific resources in place and/or their assessors/ internal verifiers should hold certain qualifications. Where this is the case, centres must provide evidence of resources/staff qualifications when completing the Qualification Approval request.

### Registration and Certification

Once your centre has approval to offer a qualification, you will be able to register learners using the AIM portal. Learners must be registered onto the correct qualification via the portal. Centres then select their chosen components.

For all registration and certification processes, please refer to the portal guidance document which can be downloaded from our website ([www.aim-group.org.uk](http://www.aim-group.org.uk)). Details of assessment, internal verification and external verification can be found in Appendix 1 - A guide to assessing AIM qualifications of this handbook.

Learners achieving a qualification will be issued with a qualification certificate detailing the achieved qualification and components. Learners who have not achieved a qualification will, on request, be issued with a component certificate detailing the components achieved.

### Scheduling learners for the online Multiple Choice Question (MCQ) assessments

Once your learners have been registered against the relevant qualification(s) using the process above, you are now able to schedule your learners for the MCQ assessments using XAMS. Please refer to the XAMS centre guidance document for details.

Please note you need to schedule your learners at least 48 hours before the planned time of assessment.

## **Delivering the MCQ assessments**

Assessments must be delivered following the requirements in the AIM invigilation guidance for external assessments.

## **At the end of the MCQ assessment**

Once the learner has completed the assessment, you can check the result in the results screen on XAMs. The results are automatically sent to AIM, and where learners have met the rules of combination for the particular qualification, they will be issued with a qualification certificate with details of the qualification and components achieved. Please refer to the Being an AIM centre document for service standard times on the issuing of learner certificates.

## **Fees and Charges**

The AIM Fees and Charges brochure includes all qualification charges and is available on our website. Please note that registrations will not be processed if centre fees have not been paid.
